

For the sixth year, Everett Public Schools will be administering the Educational Effectiveness Survey through the Center for Educational Effectiveness (CEE). This is a critical element in our ongoing efforts to engage parents, students and staff in the school improvement planning process. The survey is based upon the Nine Characteristics of High Performing Schools.

The survey questions were developed by the Center for Educational Effectiveness, a Bellevue, Washington-based educational research firm, in collaboration with the Office of the Superintendent of Public Instruction for Washington State. This survey will provide our staff and leadership valuable information and feedback.

**Please complete this survey by November 3rd**
