

Star Achievers Club

What is Star Achievers Club?

Star Achievers Club is a lunch time and afterschool program for students to get extra time and/or support.

Who can attend?

Any student who needs extra help.

A teacher **must** assign the student to attend and send the assignments/tests to be completed. But students can ask teachers to be assigned to attend during lunch or afterschool.

When is Star Achievers?

Star Achievers Club is available during both lunches on **Tuesdays, Wednesdays & Thursdays**.

Star Achievers Club is also available afterschool on **Tuesdays & Thursdays from 2:50—5:00** with parent permission. The activity bus is available for students.

Parents:

This does not take away the importance of your involvement with your student and their work. Please check LMS regularly to see your student's grades and missing assignments.
