For most of us, influential adults played important roles in our success. We looked up to them as role models. We set our sights on being just as successful, as happy, and as inspirational as they were. As adults, we see now how they helped us forge our futures. Our goal is to bring alumni back into Everett High School and have them play this pivotal role.

Be an inspiration. Allow us to profile your success on the school website.

Yes, please use the following information and my digital photo in the rotating School of Champions website:

Name as it should appear on website: _____ Graduation year: _____

Name used as an Everett High School Seagull:

Company: _____ Position: _____

Special Accomplishments:

Signature: _____ Date: _____
