Cross Country ♦ Track & Field

Award History

The first Everett School District Athletic Banquet was held in 1962. Construction of Cascade High School was completed the preceding Fall. There were 800 students in the sophomore and junior classes on the new campus.

With the opening of the new high school, the whole concept of high school athletics in the city of Everett would undergo a change. In an effort to encourage the existing high standard in athletics in both high schools, Walsh-Platt Motors sponsored the Athlete of the Year scholarship.

In September 1994, Everett Public Schools opened Henry M. Jackson High School and the award expanded to include all three high schools.

This year, we are pleased to continue this proud tradition with support from Scott and Kris Mahlum, owners of Mill Creek Sports. Scott and Kris (Class of '86), as well as Scott's parents, Chuck Mahlum (Class of '59) and Janice Wilson (Class of '61) are EHS Alumni. Scott, through the love of sports from an early age, started collecting sports memorabilia and made a career out of that passion. Scott opened up Mill Creek Sports in 1991 after graduating from the University of Washington.

In April of 2021 we lost our beloved District Athletic Director, Robert Polk. Robert was a true servant leader who worked tirelessly to improve opportunities for students to succeed on and off the field. The Robert C. Polk Memorial Athletic Scholarship is awarded to outstanding high school athletes from Everett Public Schools who, in addition to their athletic prowess, embody the personal attributes that made Robert Polk the leader he was: teamwork, sportsmanship and character.

We are thrilled to offer both the Mill Creek Sports Athlete of the Year & Robert C. Polk Memorial Scholarships.
