

Board of Directors Annual Goals 2019-20

Based upon the results of the Everett Public Schools Board of Directors' annual self-appraisal to assess its performance as a board, its review of the district's accomplishments through the most recently completed year, and its revisions to the new strategic plan, the board develops a carefully focused work plan for the school year. The plan is structured to address board priorities that support its strategic priorities, organized using the WSSDA School Board Standards framework.
