

Chapter 3 Key Issue #3 Why do People Migrate?

Slide 1

Slide 2

Key Issues

Chapter 3 Key Issues:

- Where are migrants distributed?
- Where do people migrate within a country?
- Why do people migrate?
- Why do migrants face obstacles?

Chapter 3 Key Issue #3 Why do People Migrate?

Slide 4

Why Do People Migrate?

- People decide to migrate because of a combination of two factors.
 - *Push* factors induce people to move out of their present location.
 - *Pull* factors induce people to move into a new location.

Push Factors

- few services
- lack of job opportunities
- unhappy life
- poor transport links
- natural disasters
- wars
- shortage of food

Pull Factors

- access to services
- better job opportunities
- more entertainment facilities
- better transport links
- improved living conditions
- hope for a better way of life
- family links

- Ravenstein's laws help geographers make generalizations about where and how far people move.
 - Most people migrate for economic reasons.
 - Political and environmental also induce migration but less often.

Slide 5

Why Do People Migrate?

Three major types of push and pull factors

1. Political
2. Environmental
3. Economic

- Ravenstein's laws help geographers make generalizations about where and how far people move.
 - Most people migrate for economic reasons.
 - Political and environmental also induce migration but less often.

Slide 6

Reasons for Migrating

- *Political* factors can be especially compelling push factors, forcing people to migrate from a country.

© 2014 Pearson Education, Inc.

United Nations High Commissions for Refugees recognizes three groups of forced political migrants.

- A *refugee* has been forced to migrate to avoid a potential threat to his or her life, and he or she cannot return for fear of persecution.

Chapter 3 Key Issue #3 Why do People Migrate?

Slide 7

Reasons for Migrating

2. An *internally displaced person (IDP)* is similar to a refugee, but he or she has not migrated across an international border.
3. An *asylum seeker* is someone who has migrated to another country in hope of being recognized as a refugee.

- Largest number of refugees in 2010 was forced to migrate from Afghanistan and Iraq because of war.

Slide 8

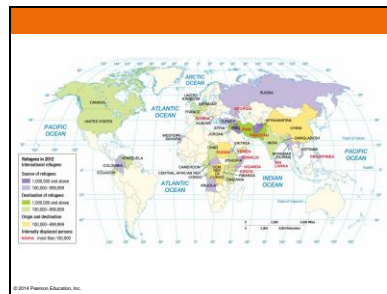

FIGURE 3-25 POLITICAL FACTORS: REFUGEES AND IDPS The largest numbers of refugees originated in Southwest Asia and sub-Saharan Africa.

Slide 9

Reasons for Migrating

- *Environmental* factors can prompt migration from hazardous environments or pull migrants to attractive regions.
 - Environmental Pull Factors
 - Mountains
 - Seaside
 - Warm Climates

© 2014 Pearson Education, Inc.

- Hundreds of thousands have been forced to move from the Sahel region of northern Africa because of drought conditions.

Chapter 3 Key Issue #3 Why do People Migrate?

Slide 10

Reasons for Migrating

- *Environmental* factors can prompt migration from hazardous environments or pull migrants to attractive regions.
 - Environmental Push Factors
 - Water: most common environmental threat
 - Flood
 - Drought

- Hundreds of thousands have been forced to move from the Sahel region of northern Africa because of drought conditions.

Slide 11

Reasons for Migrating

- Most people migrate for *economic* reasons.
 - Push factor: migrate away from places with few jobs
 - Pull factor: migrate to places where jobs seem to be available

Relative attractiveness of a region can shift with economic change. Migration rates have decreased since the onset of the 2008 recession in the U.S. U.S. and Canada have been prominent destinations for economic migrants. Historically individuals migrated from Europe. More recently Latin America and Asia are primary senders.

Slide 12

Attitudes toward Immigrants

- Characteristics of Migrants
 - More males migrated to the U.S. during the nineteenth century and most of the twentieth century.
 - About 40 percent of immigrants in U.S. are young adults between the ages of 25 and 39.
 - Recent immigrants to the U.S. tend to be less educated than U.S. citizens.

- Mexican women often married at a young age and remained in the village to raise children. More recently, researchers are seeing that many of them are crossing into the U.S. to be reunited with husbands or brother, but also a growing number are seeking jobs.

Chapter 3 Key Issue #3 Why do People Migrate?

Slide 13

Summary

- On a global scale, the largest flows of migrants are from Asia to Europe and from Latin America to the U.S.
 - Third-world to first-world
- The decision to migrate is a conclusion influenced by a mixture of *push* and *pull* factors.
- Migrants face obstacles in migrating not as much by environmental factors anymore but by political or cultural factors.

Slide 14

Summary

- Worldwide, the most prominent type of intraregional migration is from rural areas to urban areas. In the U.S., it is from cities to suburbs.
- Americans and Europeans share mixed views about immigration. They recognize their importance to the local economy, but key features of immigration trouble them.
