

SECOND GRADE STARS

Friends & Ms. Toneri

October 25, 2024

Conferences

Thank you Parents!
Wow, everyone is signed up for a conference. If you need to change your date or time please send an email. Attached is your confirmation slip. I look forward to discussing your student's academic progress and social adjustment with you. There is lots of great news to share!

Literacy

We are well into our second unit of study using our Reach literacy materials. The big question for this unit is, "What does it take to survive?" Please read attached district newsletter with your students and ask them about some of their school learning. For example, "What book did you read in group time, today?" "How do animals use color, shape and size to help them blend into their habitats?"

Mathematics

Next week we continue our study of "Adding and Subtracting within 100" using place value! This unit will include story problems that involve multiple-steps with unknowns in different positions. Students will also use number lines and base-ten cubes in addition to place value charts to solve problems.

Important Dates Coming Up

Hope to see you tonight at your Pumpkin PTA sponsored party and book fair!

October 25th: PTA Pumpkin Party & Scholastic Book Fair, 6:00-8:00 p.m.
Unfortunately, the bookfair will only be here this Friday evening.

Conferences: November 4th & 5th
November 11th: Veterans Day (no school)
November 27th-29th-Thanksgiving Break

Conversation Starters with Your Student

Ask me about the main characters in our chapter read aloud, The Boxcar Children. Nazareth
Tell me about the animals and how they use color and shape to camouflage themselves? Kayden
Can you subtract a double digit number like $93-27=$? Show me your strategy!
