

SECOND GRADE STARS

Friends & Ms. Toneri - September 30,, 2022

Newsletters can always be found on my website for live links...

Literacy

This week we worked on learning how to write a response to our reading as well as practiced short vowel sounds and how to make different words plural. We also tried reading groups where students practiced targeted skills where they have demonstrated they need support based on assessments.

Curriculum Night

Thank you so much for attending!

But, if life got in the way, no worries, attached is a packet with most of the information covered. Any questions, email, jtoneri@everettsd.org, call (425) 385-7343 or stop by. Also, the end of October we will have the opportunity to conference so I can better understand how to meet the needs of your child and family and you can learn ways in which to support what your child is learning at school.

Mathematics

Graphing is so much fun! When we organize data it is easier to read and understand! Whew, it's a challenge adding numbers within 50 but making a number line and using leopard and bunny hops sure helps! My hundreds chart is helpful too!

Important Dates Coming Up

Fridays-Early Release at 1:30 p.m.

October 14th: Teacher Work Day

Homework: is optional, your child brought home her/his first weekly packet today. It is fine to work on homework as a team as packets are not individualized. 1:1 Support is great! Reading passages aloud is encouraged. Please also read with your child 20 minutes daily.

Conversation Starters with Your Student

"Why do you graph data, what is the purpose?" (To make information easier to understand.)

"What did you do and learn in your reading group this week?"

"What does our "Win the Day" mean?"

TAKE FLIGHT!
