Dear Parents and Students,

Please let me know if I can be of support to you. Email with any questions you have about materials your child brought home or available technology supports provided to you. Should you simply want to chat, share how you're doing, ask questions, etc. I welcome both students and parents to engage in conversation with me at jtoneri@everettsd.org

Students, today I posted a new assignment in our google classroom asking you about a time you were a good friend to someone, to describe that time, to whom were you a good friend, what did you do specifically? How did you and your friend feel? Why did you feel that way? I have enjoyed reading student responses to other assignments posted. If you are able and/or choose to participate in our google classroom, don't turn in your assignments. When you "turn in" an assignment you can no longer write or add to that assignment and you might want to continue writing your story or thoughts. Every time you write and/or add to an assignment I am notified and will reply to you, I promise! Or, if it is easier for you to email, I will respond to you in whatever mode works best for you.

We haven't used Pebbles Go yet this year in class but just like Scholastic News (password is: Toneri!) there are many interesting areas to explore. You will find Pebbles Go on your Student Tools page. Click and enter the username: epsmne and password: pgo! Have fun exploring! Let me know what you learn and/or like best about this site.

Remember all the many resources available to you while you structure your learning day, Accelerated Reader (AR), I-Ready, (try to accomplish your goal of at least 45 minutes reading and 45 minutes of I-Ready math weekly). Use the Pearson math website, I have made a menu of assignments from which you can choose to engage in learning. Your password is your student number 2X. Most of all, stay safe, stay healthy and know, I am thinking of you daily.

Ms. Judy Toneri
