<i>*If yes, please provide the document during registration. Parents or guardians have the two-fold right to receive information contained in the school records concerning their child and to forbid or permit the disclosure of such information to others subject to the authority granted to the custodial parent. The Board, unless informed otherwise, assumes that there are no restrictions regarding the non-custodial parent's right to be kept informed of the student's school progress and activities. If restrictions are made relative to the above rights, the custodial parent will be requested to submit a certified copy of the court order, which curtails this right(s).</i>
