## General Safety Quiz

- |   |   |  |
|---|---|--|
| T | F | 1. Tie back long hair so that it is not exposed to machinery.  |
| T | F | 2. The wearing of safety glasses is required only when operating machinery.  |
| T | F | 3. Safety first is an appropriate slogan for all times.  |
| T | F | 4. Report only those injuries requiring medical treatment to your instructor.  |
| T | F | 5. Caution any student committing an unsafe act.   |
| T | F | 6. Check your machine and make all adjustments before applying power.  |
| T | F | 7. Guards should be in place and functioning properly.   |
| T | F | 8. Your fingers should be in such a position that there is no danger of them slipping into a cutter or moving parts.   |
| T | F | 9. Give the machinery you are using your undivided attention. Do not look away or talk to others.  |
| T | F | 10. Do not use screwdrivers as a chisel or a pry bar <b>except</b> when chiseling off glue.  |
| T | F | 11. Return all tools, even broken ones to the proper storage place.  |
| T | F | 12. Be sure that the switch is in the off position <b>before</b> “plugging in” the electrical cord on portable electric tools.                               |
| T | F | 13. There is no potential hazard in coats or other baggy clothing being worn while working in the shop.  |
| T | F | 14. Inspecting electrical cords on portable electric tools for breaks or exposed wires is the responsibility of the instructor only.                         |
| T | F | 15. Excessive pressure while operating tools may damage the tool and cause an accident.  |
| T | F | 16. If a mark or groove is not sanding out of a project use more pressure to remove it.  |
| T | F | 17. Understanding and training in the proper methods of lifting is an important part of any safety program. Good lifting practices can prevent back strains. |
| T | F | 18. Dispose of all flammable and combustible waste materials (soaked rags, brushes, empty paint, finish or solvent cans) in the nearest garbage can.         |
| T | F | 19. Teacher permission must be received before using machines such as the Wide Belt Sander and Table Saw.  |
| T | F | 20. Students may cut or work on other students’ projects without instructor permission.  |
