

7th Grade #S&B

KNOW BEFORE YOU GO

**Entry task:**

**Where do you see yourself in 5 years?**

# Important Terms to Know Preparing for High School

# Graduation Requirements

How do the 24 credit graduation requirements add up?

**Core Credits** – courses necessary for every graduate to be college and career ready

**Personalized Pathway Requirements (PPR)** – classes that further student's own interests and align with each student's High School and Beyond Plan

**Elective Credits** – exploratory classes of interest

## Core Credits plus Personalized Pathway Requirements (PPR)

- |                                  |              |                  |
|----------------------------------|--------------|------------------|

Classes mandated by the school district and the state of Washington.

4 credits English

3 credits Social Studies

3 credits Math

3 credits Science

2 credits fine arts

2 credits PE/Health

# Electives

Classes you can take to explore  
personal interests.  
Vary from high school to high school.  
Have pre requisites.

# Pre Requisite

A class you have to take before you can take another class.

## Robotics Tech II

ELC133

Location:	All middle schools
Length:	One semester
High School Credit:	No longer offered for high school credit
Prerequisites:	Robotics Tech I
Other:	None

This is a project-based course in which students explore the design, programming, and fabrication of robotics equipment and technology. Students work in teams, engineer solutions to problems, and recognize the role of technology in our society. Robotics Tech II is a foundational course in the Engineering & Advanced Manufacturing and Computer & Information Technology programs.
