	 Please fill in your preferred fall and spring class requests below. We cannot guarantee that all your choices will be available, so be sure to list alternates. If you do not select enough alternates, we reserve the right to place you in courses you did not request, if necessary, to ensure you have a full schedule. If a class is yearlong (YR), write the course code and title in both fall and spring semesters below. A course can be listed as a request or an alternate, but not both. After your requests have been finalized, you will be held to those choices for the 2020-2021 school year! 											
	You will have an opportunity after Spring Break to review and revise these requests. However, after that review process, changes to your requests may be made only if your requests are affected by (1) your final middle school grades, (2) credit earned in summer school, (3) a data entry error, or (4) your grades and/or other assessment data that indicates you should be placed in support classes. (Refer to the Schedule Change Policy on page 11 of the 2020/2021 Everett Public Schools High School Course Catalog.) Additionally, if we are not able to fully schedule you using only your requests—due to too few requests or schedule conflicts—we may place you in other courses. "I understand that this is my official request for my 2020-2021 classes." Student Signature Parent/Guardian Signature Date
