

February 20, 2025

Hello Future North Families,

It may seem early, but we are already beginning to plan for the 2025-2026 school year and we are excited for students to select courses for next year. Please take time to review all the materials and discuss middle school course choices carefully. Your student's current teacher is a great resource when making 6th grade class selections.

Our student registration materials include a middle school course catalog (formatted to match the high school course catalog) and registration worksheet. Guidance on course registration, and advanced pathways will be presented by 5th grade teachers and can be found in the middle school course catalog. Students and parents should review the course catalog to find grade level information and resources for planning next year's course choices. Please contact one of our counselors or administrators with any questions.

- Students must complete their registration worksheet and return to their current teacher prior to Friday, March 7th.
- After March 7th, students will enter registration selections into Home Access Center during the school day with assistance from teachers and counselors.
- Honors Pathway for English and Math should begin in 6th grade to avoid having to take a summer school bridge class to change a pathway in 7th or 8th grade.
- Students must select a minimum of one semester of a Visual or Performing Art (VPA) Elective.
- Students must select alternatives for electives (elective choices are not guaranteed; we do our best to honor preferences).
- Schedule changes are not made once students are registered for classes. Staffing/course offerings are based on registration worksheet selections.

Class of 2032 Counselor: Jenny Steele jsteele@everettsd.org

Class of 2031 Counselors: Shannon Fraser sfraser@everettsd.org & Jennifer Byrne jbyrne@everettsd.org

Class of 2030 Counselor: Susy Smothers ssmothers@everettsd.org
