We acknowledge the original inhabitants of this area, the sduhubš* people, and their successors, the Tulalip Tribes. Since time immemorial, they have hunted, fished, gathered on, and taken care of these lands and waters. We respect their sovereignty, their right to self-determination, and honor their sacred spiritual connection with the land and water. In Everett Public Schools, we strive to create equitable outcomes and build a culture of inclusive belonging for all students, teachers, staff, and community.

- “I am giving to the race, a vision of itself.” said Oscar Devereaux Micheaux, who was the first major Black independent filmmaker in U.S. history. At a time when Hollywood either excluded Black people or portrayed them through racist stereotypes, Micheaux created films that directly challenged white supremacy and internalized racism. His mission was to use representation as resistance.
