

February 3, 2026

We acknowledge the original inhabitants of this area, the sduhubš* people, and their successors, the Tulalip Tribes. Since time immemorial, they have hunted, fished, gathered on, and taken care of these lands and waters. We respect their sovereignty, their right to self-determination, and honor their sacred spiritual connection with the land and water. In Everett Public Schools, we strive to create equitable outcomes and build a culture of inclusive belonging for all students, teachers, staff, and community.

- Michelle Obama made history as the first Black First Lady of the United States. Coming from the South Side of Chicago, she broke barriers in spaces where Black women were often excluded. She used her platform to challenge stereotypes, uplift Black communities, and show the power of confidence, education, and resilience. Michelle Obama's legacy proves that representation matters.
