Notes: Under Chapter 1. The Staff you will notice three areas 1-1, 1-2, 1-3. Once you watch the lessons by selecting the play button you can then proceed to the drills area. You can re-watch as many times as you need to fully master the content. The Drills is the area that will be scored by the program. Go for It and do your best!!! This will be simple easy review to material you all learned throughout your years in music. It should go quickly. But if you do not know Bass Clef or Treble Clef this is your chance to learn it once and for all. I remind you of the why we are doing this and the answer is simple - To become a more knowledgeable, well rounded, better musician. Both in theory and performance.
