

Good morning, today is Friday, February 23rd

Today is the final day to add your quote to the yearbook entry box located in the library. Good luck and thanks to all who have participated so far!

Think about how you can make an impact on a family who is in poverty. Did you know that if everyone in one class brings in 25 cents, it could purchase a flock of chicks? Those chicks could provide eggs that would give kids protein they need to grow. We are partnering with Heifer International next week. Work with your English class to see how you can help make a difference.

We are on a HS&B schedule today. We will spend the period discussing what it means to be a good digital citizen. Think about the ways you use technology to create and share information. How can you guard your character online? Be ready to discuss and share.

Thank you Gateway, remember to guard your character.
