

Good Morning, Gateway! Today is Tuesday, September 14, 2021.

\_\_\_\_\_ The FIRST Lego League Robotics is a competition club where students perform the work to compete against other schools in a tournament like atmosphere. Teams engage in research, problem-solving, coding and engineering – building and programming a LEGO robot that navigates the missions of a robot game. As part of Challenge, teams also participate in a research project to identify and solve a relevant real-world problem. The team is open to 7th, 8th and potentially a few 6th graders (if space is available). We will be accepting **only 30 students** into Robotics Team this year. Applications will be available starting September 15<sup>th</sup> and are due on September 24<sup>th</sup>. Meetings will be held on Tuesdays and Thursdays after school from September through June. If you are interested, the application to join the team is available on the Robotics Team page, which is on the Gateway Middle School Website under Clubs and Activities. For more information, contact Ms. VanTuyl or Mr. Rentko.

\_\_\_\_\_ Applications for 6th grade ASB cabinet elections open on Sept. 20th and close on Sept. 24th. Information will be coming from your English teachers soon.

\_\_\_\_\_ Yearbooks are on sale through September 17<sup>th</sup>. Reserve yours online now.

And remember, Gateway, to GUARD your character!
