

# Get Ready for the Spring i-Ready Diagnostic!

## Who

All students in grades K-5, and Evergreen Middle School and Port Gardner students in grades 6-8

## What

i-Ready Diagnostic in Reading and Math

## Where

Anywhere with an internet connection and a computer

## When

Starting June 1, the diagnostic will be available for your student to take, with expanded hours to accommodate working families.

## Why

The i-Ready diagnostic gives teachers important information about your student's learning by identifying what your student knows and doesn't yet know. This diagnostic will reset your student's personal learning path so that they can continue learning over the summer.

The Assessment & Research department has prepared documents to help you support your student. Please visit our i-Ready Parent Resources page for information. <https://www.everettsd.org/Page/35852>

## Assessment & Research i-Ready Diagnostic At Home

### How does my student log on?

Your student will click on i-Ready from the Students page on our district website and log in via their district username and password. If your student is using an iPad, you will need to download both the i-Ready app and the Clever app. Instructions are attached.

- If your student cannot remember their password, please email [lms@everettsd.org](mailto:lms@everettsd.org) or call 425-385-4200.
- If your student has not yet taken the diagnostic, please contact your student's teacher to have them assign it.

### What is the diagnostic and how can I help my student?

- The diagnostic is designed to determine what your child knows and doesn't yet know. It is not like a standard assessment.
- The diagnostic is a computer adaptive test, so as your student answers a question correctly, they will get a harder question; if your student answers a question incorrectly, they will get an easier question. In that way, the test will zero in more accurately on your student's learning level.
- Your student will find this test challenging, and that's okay. Your student will see questions on material he or she has not yet learned. In this way, we can get the most accurate picture of your student's learning.
- It is important for us to know what your student is not yet able to do because the results of the diagnostic assessment determine the lessons your student will be assigned.
- Please be there to proctor the diagnostic, however your student should do the diagnostic alone without assistance, including the use of a calculator or dictionary.
- In order to accommodate parents/guardians who are working, we have extended the diagnostic window to 9:00pm.
- Once your student has completed the diagnostics, your student can begin the online lessons.
- If you have questions or problems with the diagnostic, reach out to your child's teacher, or email [smccoord@everettsd.org](mailto:smccoord@everettsd.org), [aschiessl@everettsd.org](mailto:aschiessl@everettsd.org), [cmatthews@everettsd.org](mailto:cmatthews@everettsd.org), or [qhennigan@everettsd.org](mailto:qhennigan@everettsd.org)
