

Hunter Komine October 2021  
Rotary Student of the Month

We are proud to recognize senior Hunter Komine as the October Rotary Student of the Month for his focus on Community Outreach. This past August, 50 backpacks filled with school supplies were delivered to H.M. Jackson High, intended to go to students who currently need support. Hunter Komine was the person responsible for the backpack kits being donated to our school the last 3 years through his efforts raising the funds needed to make this possible. With his help, 33,550 new backpacks filled with school supplies have been delivered to local schools, including Jackson, in the last 8 years and Hunter personally raised \$5,200 this year alone! Hunter sets an example of how one person, when determined, can make a big positive change in the local community. We applaud Hunter for his service to others. Hunter will be attending University of San Diego next fall on a baseball scholarship. While he is still deciding about his major, he is interested in business economics and finance and hopes to be an entrepreneur.
