

March 2021

The Washington State Mathematics Council (WSMC) Regional Competition was on Wednesday this week. Jackson had three teams of three students competing in the different events. I am happy to announce that some Timberwolves are going to State! Please congratulate these students if you "see" them anytime soon.

The first event is a Team Problem event, where the teams solve one-large multi-faceted problem in one hour. I am thrilled to say that our all Freshman team qualified for state. This is exciting for the future of our program. State isn't based on grade levels. These students beat out teams with upper classpersons for this trip to state. Congrats to...

Arjun Vinodhan
Rahul Bonthu
Shreyank Gupta

The second event is a 30 multiple choice questions in 1 hour covering a variety of math topics. We have two teams going on to state in this event. One of them will look familiar...

Lindsay Koo
Nick Wilson
Dylan Thong

The final event is called the Knowdown and is an individual event where students have 10 seconds to answer questions presented orally. We have two students attending state as individuals.
