

The H.M. Jackson High School Pathway to Pride, Excellence and Character Awards for the end of the year were held on June 6 in the library. Awardees were celebrated by their acknowledgers, parents/guardians and staff for their heart-felt and heart-filling actions in our building and community.

Highlights included a special needs student who has paved the way and encouraged other special needs students in academics and school activities. Also celebrated and thanked were students who helped with the Celebration of Life for one of our beloved Heatherwood counselors, those who showed their pride by keeping our school clean, scholars receiving their Microsoft Specialist Certification as well as a panel of courageous students who made a vital presentation at a staff development event.

We encourage the community to acknowledge our exceptional citizens through this program. The electronic form is on our website under Our School, Amazing JHS students.

Jackson Pride, Excellence and Character were exhibited by:
