

March 2023

Jackson's student of the month for leadership is Ella Klepfer. Ella is our ASB Executive Secretary, a Link Crew leader, and one of our Spirit Club leaders. She is, in many ways, the mom in Jackson our ASB team. She takes care of people. She looks after them, she reaches out, and she does what she can to help them out. She is thoughtful, kind, caring, and selfless. She never puts herself in the spotlight. Even as one of the leaders of Spirit Club, she mostly stands with her friends at games rather than in the middle of everything. She cares deeply about things that reach all students. She has worked hard to promote inclusive activities to focus on giving our students more than we ask, and to focus on mental health. She had made a huge difference through her leadership .
