

March 12, 2015

Jackson DECA students had success at DECA State Career Conference this past weekend in Bellevue, with multiple qualifiers. After a long weekend of hard work- we wish our international qualifiers the best of luck as they prepare for Orlando!

Caitlin White took 3rd place in the state in the Food Marketing series. As a junior this is Caitlin 3rd year in row to qualify for ICDC

Reed Havens placed 7th in the Principles of Business Management and Administration.

Clayton Brush and Autumn Perez qualified at the "Thrive" level in their Community Service Campaign.

Jennika Bond and Caitlin White qualified with the School Based Enterprise gold-certification project. Mitchell Weholt, and Jack Ellis will be joining Jennika to take the School Based Enterprise project to international competition.

We are incredibly proud of the time and effort these members have put in, and are excited about the opportunity for them to showcase their skills on the world stage. Please join us in congratulating all 7 competitors. We look forward to representing Jackson, and the entire Everett School District, in Orlando this April.
