

March 11, 2015

Four JHS math students qualified for the State Mathematics Competition April 18th at Central Washington University.

Matthew Lee (Junior) and Dhruvik Parikh (freshman) qualified in the Team Problem competition.

Not to be outdone,

Ambika Moore (Junior) and Sriharshita Musunuri (freshman) took second place at regionals in the team topical competition.

This is pretty amazing, as most teams had 3 team members competing together.

And to top it off,

Dhruvik Parikh (freshman) took 1st place in the Knowdown competition -Similar to a Math spelling Bee.

Regards,

Robert Christianson
