

4th Grade News

June 2018

Reading/ Writing

Unit 7 – Moving Through Space

Big Question – What does it take to explore space?

Writing: Narrative, Opinion, and Informational

Science

Land and Water

Big Idea:
Earth materials have unique properties and are part of living and nonliving systems. Humans interact with natural elements to affect changes in the landscape.

Math

Review

Social Studies

Living in Washington:

- How does geography shape how we live?
- How do political and economic decisions impact our environment and quality of life?
- The physical and human geography of WA.

Specials:

Monday: Music
Tues. - PE (wear tennis shoes)
Wed. - Music
Thurs. - PE (wear tennis shoes)
Friday - Library (Don't forget your book!)

F.Y.I.

It's hard for me to believe that this is our last newsletter of the year! I am going to miss these 4th graders, but I am looking forward to being able to continue to watch them grow next year. I hope they come back to say hi when they move on to middle and high school.

We have 2 field trips coming up. June 7th is our field trip to the Hibulb Cultural Center. Please be on time to school that day, we will not hold the buses for late students, they will just have to spend the morning in another classroom. Our third and final field trip is the walking field trip to the Everett Public Library on June 14th. Please be sure to have your child wear comfortable clothing and shoes and bring a water bottle with a lid to help stay hydrated.

We will be having an end of year party on Monday, June 18th. I will be buying pizza for the students. If your child would like to contribute something to help us celebrate, please send it with them to school that day. We have 24 students in our class.

I hope everyone has a fantastic summer! Please be sure to come by and say hi at next year's Open House. I will miss this bunch! Thank you for all your support from home this year. It truly makes such a difference. 😊

Wishlist:

End of year party items. We have 24 students in our class.
