

Students: Get Set Up for Success!

Hey Students!

We are super excited to start school with you on September 9th at 9:15 a.m. Check our school homepage for a Zoom Link to kick off your very first day with many of our Penny Creek Elementary staff and friends! In the meantime, please complete this checklist to make your first day super successful!

Step #1: Turn on your Chromebook and Log in!

To make sure you are ready for the first day, make sure your device is working properly.

- Turn it On
- Connect it to your home WIFI
- Log In

Step #2: Check out our school website!

<https://www.everettsd.org/pennycreekes>

We will communicate all announcements and links here.

- Do you see Penny the Frog on the main page? If so, you are in the right place!

Step #3: Make sure to check out the Digital Tools

Click on the "Students" tab at the top of our website. You will need to log into different digital tools through the school website to complete some learning. Check out these tools:

- Canvas
- i-Ready
- Zoom
- Flipgrid

Step #4: Create a Learning Space

Talk to your family about making a place to learn from during the day while in Virtual School.

- Find a place that has the least distractions with a table or hard surface to place your stuff
- Make sure you have all your books and supplies close by for activities and assignments
- Make sure your internet works well in that location
- If you are going on Zoom, and want to have your camera on, think about what people will see in the background.

Step #5: Review your Student Rights and Responsibilities Handbook.

- Discuss any questions with your family.
- Sign the blue paper attached to the outside of the Handbook.
- Turn in the signed blue paper. To do this you may drop it off in our Penny Creek mailbox any time between 8 am – 4 pm. You may also either scan or take a photo of your signed paper and email to pennycreek@everettsd.org.
