

What can I do with my 100 Chart

- Read the numbers as fast or as slow as you can.
- Count backward from 120!
- Skip count by 2's, 5's, or 10's.
- Count a column (vertical going down).
- Count a row (horizontal going across).
- Pick a number and tell a buddy what is above, below, before, and after that number.
- Tell how many tens and ones a number has.
- Pick a number and tell what is 1 more or 1 less than that number.
- Pick a number and tell what is 10 more or 10 less than that number.
- Cover a few numbers with pennies or cereal. Have a buddy guess your hidden numbers!
- Read your chart in a silly voice. Try reading like a monster, princess, frog, opera singer.
