

LEARNING OPPORTUNITIES 2020

Please email me for questions: EMagley@everettsd.org

Dear Families,

We are going to keep things very simple and manageable. Keep focused academic time to 1 - 1.5 hour blocks in the morning and afternoon. Add in independent reading time and iReady time into the day.

Creating a routine and keeping a schedule will be very important for student success. See one possible schedule suggestion on the next slide. Adapt for your own use if you'd like! Please allow students some creative/game playing time as well. I will be uploading links on Google Classroom to help with this.

Keep in mind that students could earn extra screen time, later bedtime, or something else your family decides if they are keeping up with learning opportunities, following directions, and having a nice attitude with others.

SCHEDULE IDEA

Adapt to work for your family

Before 9:00 a.m.	Wake - Up	Eat breakfast, make your bed, get dressed etc.
9:00 - 10:00 a.m.	Morning Walk/Exercise	Walk around the neighborhood, follow a workout video, yoga, etc.
10:00 - 11:00 a.m.	Academic Time	Check Google Classroom and begin Daily Learning Opportunities
11:00 - 12:00 a.m.	Creative Time	Legos, drawing, crafting, music, baking, etc.
12:00 p.m.	Lunch	
12:30 - 1:00 p.m	Chore Time/Exercise	Work on any chores you've been asked to do, go for another walk, etc.
1:00 - 2:30 p.m.	Quiet Time	Independent reading (AR, Book Clubs), puzzles, nap
2:30 - 4:00 p.m.	Academic Time	iReady, Prodigy, finish Daily Learning Opportunities on Google Classroom

MY EXPECTATIONS:

My main focus is on helping student retain skills they already have, and build more independent work habits that support their growth as a learner.

Each day I will post a page of learning ideas to Google Classroom that students can engage in. You can supplement more or do less on any given day.

Math fact practice, independent reading, and iReady should be done on a daily basis if possible.

Site that I hope students will use:

- Google Classroom (posting and responding here daily M-F)
- Discovery Education*
- iReady*
- Prodigy*
- Britannica Online*
- AR* (will be available for student use at home)
- Math-Drills.com (printable worksheets with answer keys)
- Khan Academy (links on Google Classroom)

*Available through Student Tools on the EPS homepage (www.everettsd.org)
