**Games and activities to play at home!**

**Created and Compiled by: Manda Krimmer and Christy Slone**

# ORGANIZATION

Need help keeping track of your fitness activities? We suggest laminating or keeping this booklet in page protectors to make it last.

You will need some inexpensive supplies that are easy to find and each activity can be kept in any of the following:

- Shoe Box
- Tupperware
- Milk Crate
- Laundry Basket
- Cubbie Bin (if you have a cubbie wall for toys/storage)
- Zip-Lock bags

# FITNOPOLY

**Description:** An activity-based board game that's fun for the whole family!

**What you need:**

Playing Board (next page)

Playing Piece for each player (coins, token, you name it!)

Approximately 8 feet of clear space- move the coffee table and voila!

One Playing Dice

**Directions:** Each player takes a turn, starting with the youngest. Once you roll the dice, move your playing piece the allotted number of spaces. The whole group will perform the activity. Repeat until one person lands on the "end" space. Winner gets Hi-5s from all :)

# FITNESS TIC-TAC-"TONE"

**Description:** Who says you have to play Tic-Tac-Toe sitting down? This twist on the classic pencil & paper game offers families fun physical activity while exercising together.

## **What you need:**

- Playing Board (next page)

- 6 Playing Pieces for each player (checkers or token pieces in two colors)

- Approximately 8 feet of clear space- move the coffee table and voila!

- Roll a playing die (dice) or flip a coin to see who goes first

**Directions:** Player one places their colored piece on the Tic-Tac-Toe board then reads the exercise in the square. Both players do the fitness activity. Player two repeats, playing their colored piece in another square. Continue taking turns playing a piece and picking an activity until one player gets three pieces across a row, down a column, or diagonal. Cheer for the winner!

# TIC-TAC-"TONE" FITNESS BOARD (CHANGE SQUARES/EXERCISES TO FIT YOUR FAMILY)

Jump 10 times over a line on the floor keeping your feet together.

Balance on 1 foot for 15 seconds (use a wall for balance if needed).

Perform 10 jumping jacks

Hop on one foot 10 times and then the other foot 10 times.

Your exercise of choice!

Push-up position, walk hands 3 times forward and back, without moving your feet.

Quick Feet  
Jog in place with quick movements for 30 seconds.

Perform 10 sit-ups  
or  
10 mountain climbers  
You pick!

Perform 10 "Skier Jumps"  
Jumping with feet together from side to side.

# PUSH-UP CHALLENGE

**Description:** Want to increase your upper body strength? Use this chart to perform a daily activity. If laminated/page protector cross off with a expo marker to use again! At the end of week 4 start back at week 1 and double each activity.

## What you need:

Approximately 8 feet of clear space- move the coffee table and voila!  
1 roll of toilet paper  
Yoga mat (if desired)

**Directions:** Complete one task per day, crossing off when finished. For specific activity directions refer below:

\*Up Position (arms extended, straight back)\*

Modified Push-up: Start in the up position, slowly lowering chest and body to ground. Push body and arms to return to the up position. Repeat.

Toilet Paper Push-up: Place a roll of toilet paper underneath the middle of your chest, underneath the sternum. Start in the up position, slowly lowering chest to touch the roll of toilet paper. Push body and arms to return to the up position. Repeat.

Spider Man Push-Ups: Start in the up position and hold. Alternate knee to touch the same elbow (ex. right knee to touch right elbow), maintaining straight arms. Switch knees. Repeat.

Standing Plank Hold: Hold the up position.

Shoulder Touches: Hold the up position (arms extended, straight back). Alternate hand to touch the opposite shoulder (ex. left hand touch right shoulder) and return to the ground. Switch hands. Repeat.

Push-Up: Start in up position, slowly lowering body until arms are at 90 degrees. Push body and arms to return to up position. Maintain a flat body, keeping abdominals flexed. Repeat.

# PLAYING CARD FITNESS

**Description:** A fun and interactive way to practice your shapes and numbers.

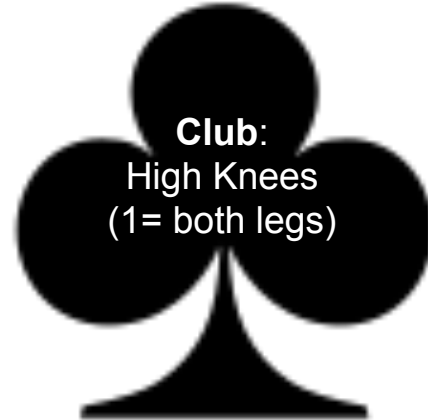

**What you need:**

Deck of Cards

Approximately 8 feet of clear space- move the coffee table and voila!

**Directions:** Use a deck of cards to perform a body circuit. Place a full deck of cards face down on a flat surface. First player picks a card: the group performs the activity that corresponds to the suit (next page), with the number written on each card. Face cards (Jack, Queen, King, Ace) should be assigned '10'. Need a challenge? Once all cards are used play round 2 by multiplying all numbers by 2!

# PLAYING CARD FITNESS:

FACE CARDS (J, Q, K, A = 10 REPETITIONS)

# RELAY: YOUR TURN, MY TURN

**Description:** A game to practice your turn-taking skills while building a tall tower!

**What you need:**

Plastic Stacking Cups (approximately 15)

Approximately 8 feet of clear space- move the coffee table and voila!

**Directions:** Use plastic cups to make a large tower. Start with cups on one side of the room in a single stack. Work as a group to take turns and bring one cup to the other side of the room, making a tower out of plastic cups. Start easy with a 3-2-1 pattern (base to top), or add more from the bottom layer to make it harder. Still too easy?: time yourself to see how fast you can work as a team without knocking the tower over OR try different locomotor skills (ex. Gallop, jump, slide) to travel from one side of the room to the other.

# RELAY: YOUR TURN, MY TURN

# FITNESS CHAIR

**Description:** This fun activity will get you moving in no time! Using a chair, some clear space and the fitness cards you will perform fitness activities as a group.

**What you need:**

One bucket, stool or chair per person.

Cards (next page or make your own!)

Approximately 8 feet of clear space- move the coffee table and voila!

**Directions:** Put fitness cards under each participant's chair. First player picks a card from under their seat and the whole group performs the activity. Need a challenge? Play the first round as the cards are written. Once all cards are used play round 2 by multiplying all repetitions by 2! Round 3 try adding music and play musical chairs, when the music stops, pick exercise from under chosen chair.

# FITNESS CUBE

**Description:** Roll the dice and move with this exercise game for the whole family.

**What you need:**

Fitness Cube print-out (next page)

Scissors

Tape or glue

**Directions:** Print, cut, and form the cube using tape or glue to stick it together. Print more cubes and change out the exercises with the list to the right. Once the cube is made, gather your group, roll and do the moves together. What's facing up? How long can you roll, move, and play? How many different ways can you move?

Remember you should move every day to keep healthy. It doesn't matter what you do. You can run, jump, or dance. It's just important that you move!

# POPSICLE "PICK-A-STICK" FITNESS

**Description:** Workout in a jar? This fitness-related gem offers “choice” when picking popsicle sticks randomly from your fitness jar. Many uses: a “brain break,” daily workout, or weekly exercise schedule. Let’s get moving!

## **What you need:**

- Popsicle sticks

- Sharpie pen or tape/glue

- Exercise cards (next page)

- Approximately 8 feet of clear space- move the coffee table and voila!

- Plastic cup or glass jar

**Directions:** Write exercises on popsicle sticks with your Sharpie marker or cut-out exercise cards, fold in-half, around the popsicle stick and tape or glue together. Put the sticks in a jar and pull them out at random, building a workout. For example: pick 5 on Monday for a week’s worth of exercise. Only one rule ...No switching out once they’re pulled out!

# FIT FLAT FRANK AND FRANNIE (LIKE "FLAT STANLEY")

<http://www.flatstanleyproject.com>

**Description:** Fit Flat Frank and Frannie would like to tag along with families and participate in individual, group/team, family fun and fitness activities. They love to get active and would love to be part of a family or team picture!

## **What you need:**

- Picture of Flat Frank and Frannie (next page)
- Crayons or markers
- Scissors
- Camera

**Directions:** Print, color, and cut out Fit Flat Frank or Frannie. Now don't let them sit around and turn into couch potatoes! Get up, get active and take Fit Flat Frank or Frannie with you. Take a picture with them riding a bike with you, taking a hike, performing martial arts moves, practicing your ballet or dance ... be safe, be creative, make it healthy, and make it fun for everyone!
