CASCADE HIGH SCHOOL NEWSLETTER

MAY 2021

VOLUME 4, ISSUE 9

## From the Principal

Dear Cascade Families,

We are excited to share that our first few weeks of in-person, hybrid instruction have gone well! Students and staff are still adapting to a new model of schooling, but it certainly has provided everyone a great deal of optimism and hope that we are headed in the right direction. Perhaps contributing to that sense of optimism, Spring is finally here and we are looking forward to our final portion of the school year. With all of the activity, from classwork, athletics, and graduation for our seniors, time always seems to speed up during this time of the year.

Like last year, the challenge for all of us during these times is that the seminal events that we are used to, that traditionally mark this time of year, are still impacted by the ongoing nature of this pandemic. That extra level of constant stress for everyone, on top of what is traditionally an exciting but stressful time, means that however we look at these last weeks of school, and starting the process of beginning to see or visualize students on campus and in classrooms, on athletic fields and courts, and hopefully soon in music and drama performances, we still have a responsibility to take care of each other and help each other through these times. As school staff, we want to help you and your student as much as we can get through and prepare for whatever those next steps are.

As we move into May, more information and details on senior activities, celebrations, and graduation will be announced. We look forward to working to with parents and students in navigating the process of preparing for commencement and the rest of this school year.

## Connecting with counselors video series

Two new series of videos are now available on the district's Parent University webpage; Healthy and Safe Social Time for Teens and Helping your Child Respond to Stress.

In the series, Healthy and Safe Social Time for Teens, MTSS Facilitator Kristin Walker and North Middle School Counselor Susie Smothers discuss how parents can support healthy and safe social time for teens and pre-teens. The series includes videos on the following topics:

- **[Video 1: Introduction to the Series and Maintaining Social Connections](#)** – Adolescence is a stage in life when social connections and experiences are a healthy and critical part of development. Not being able to see friends, go to school events, and play sports can cause sadness and major disappointment for teens and pre-teens and many parents are struggling with the best way to help them cope. Learn about healthy ways kids can maintain social connections while following health and safety guidelines.
- **[Video 2: Supporting Healthy Online Boundaries](#)** – With so many healthy and creative ways for kids to socialize online during the pandemic, our counselors share ways to set and balance responsible online boundaries for your teen.
- **[Video 3: Social Connections at School](#)** – As was the case before the pandemic, students can still participate in a variety of extracurricular activities after school. Encourage your child to get involved. Reach out to your school to find out what is available. Many schools are still offering a variety of clubs and organizations your child can join to stay connected with peers.
- **[Video 4: Family Social Opportunities](#)** – With many parents working from home at this time, families should try to carve out unplugged time together. Watch this video for suggested ways the whole family can engage in social activities together.
- **[Video 5: Supporting Your Child's Struggle](#)** – Pandemic fatigue is a real thing. Coronavirus has put a strain on our everyday functioning and teens may display a range of emotions including sadness, anger, frustration, depression, and more. Learn strategies to listen empathetically to your teen as a way to acknowledge their experiences without trying to “minimize” or “fix” the situation.

In the series, Helping your Child Respond to Stress, MTSS Facilitator Kristin Walker and Evergreen Middle School Counselor Dr. Kaley Mitchell help us understand and define stress and offer action-oriented strategies for parents to help their children as they exhibit emotional and behavioral signs of stress. The series includes videos on the following topics:

- **[Video 1: Understanding Stress](#)** – Many parents are asking “Why is my child so stressed out?” Stress is dominating our world and society and both adults and children are stressed at more intense levels than ever before. In this video, Evergreen Middle School Counselor Dr. Kaley Mitchell helps parents understand the history, biology, and experiences that lead to feeling stress.
- **[Video 2: Opposite Action Strategy](#)** – In this video, learn about the “Opposite Action” strategy to help your teen or pre-teen respond to stress. Opposite Action is doing the opposite of your urge when your urge is not helpful or healthy and is a skill that can help children (and adults too!) to respond to stress in a healthier, more effective way.
- **[Video 3: Cold Water Strategy](#)** – Is your child exhibiting heightened signs of anxiety or intense emotions? The Cold Water strategy can help! The Cold Water strategy is the act of using cold water on the face or body to bring anxiety down immediately. Learn more in this informative video.

- [Video 4: What if we need help?](#) – If coping mechanisms just aren't working, learn when you should seek immediate help for your child. Also learn more about school, local, and national resources of support such as mental health counseling, crisis lines, and more.

All of the links to these videos can be found at [www.everettsd.org/ParentUniversity](http://www.everettsd.org/ParentUniversity).

## School Stakeholder Annual Survey

To guide Everett Public Schools' continuous improvement process, each year schools survey students, families, and staff to understand specific strengths and challenges that impact school quality. The School Stakeholder Annual Survey is only one of many pieces of data analyzed by school leaders and staff. In addition to survey data, student achievement, attendance, discipline, and program data are evaluated to create School Improvement Plan goals.

You should have received [a link](#) to our anonymous, multiple-choice family survey in late April. We ask that you please complete and submit the survey by **May 21**. If you have more than one student in Everett Public Schools, please complete a survey for each school your student attends so they can benefit from your feedback.

We truly appreciate your time and participation. Your feedback is very important to us as we set and evaluate school improvement goals.

## Serie de videos de conexión con los consejeros

Ya están disponibles dos nuevas series de videos en la página web de “Parent University” del distrito: Healthy and Safe Social Time for Teens (Tiempo Social Sano y Seguro para Adolescentes) y Helping your Child Respond to Stress (Ayudando a sus Hijos con su Respuesta contra el Estrés). En las series de tiempo y social sano y seguro para adolescentes, la facilitadora MTSS, Krsitin Walker y la consejera de la escuela secundaria North, Susie Smothers discuten cómo los padres puede dar apoyo para un tiempo sano y seguro para sus hijos en edad de la pubertad y adolescencia.

La serie incluye videos en los siguientes temas:

- **[Video 1: Introducción a las series y manteniendo conexiones sociales](#)** – La adolescencia es una etapa en la vida en la que las conexiones sociales y las experiencias sociales son sanas y parte crítica de su desarrollo. No poder ver a sus amigos, ir a eventos escolares y no poder hacer deportes puede causar tristeza y grandes desilusiones para los pubertos y adolescentes y para muchos padres que están batallando con la mejor manera de poder ayudarlos a sobrellevarlo. Aprenda sobre las maneras saludables en que los niños pueden mantener conexiones sociales y seguir las medidas de salud y seguridad.
- **[Video 2: Apoyando con los límites saludables en línea](#)** – Con tantas maneras creativas y sanas para que los niños puedan socializar en línea durante la pandemia, nuestros consejeros comparten formas de establecer y balancear límites responsables en línea para sus adolescentes.
- **[Video 3: Conexiones sociales en la escuela](#)** – Como era el caso antes de la pandemia, los alumnos pueden aún participar en una variedad de actividades extracurriculares después de clases. Exhorte a sus hijos a que participen. Contacte a su escuela para averiguar que tienen disponible. Muchas escuelas todavía ofrecen una variedad de clubs y organizaciones a las que su hijo puede registrarse para mantenerse conectado con sus compañeros.
- **[Video 4: Family Social Opportunities](#)** – Con tantos padres trabajando desde casa en estos tiempos, deberíamos intentar apartar algo de tiempo para desconectarnos y estar juntos. Vean este video para las maneras sugeridas en que toda la familia puede participar de actividades sociales juntos.
- **[Video 5: Apoyando las luchas de su hijo](#)** – La fatiga pandémica es algo real. El coronavirus ha puesto tensión en nuestras funciones diarias y los adolescentes pueden exhibir una variedad de emociones que van desde la tristeza, la ira, frustración, depresión y más. Aprenda estrategias para escuchar con empatía a su adolescente como una manera de reconocer sus experiencias sin tratar de “minimizarlas” o “arreglar” la situación.

En las series de Ayudando a sus Hijos con su Respuesta contra el Estrés, la facilitadora MTSS, Krsitin Walker y la consejera de la escuela secundaria Evergreen, Dr. Kaley Mitchell nos ayudarán a entender ya definir el estrés y ofrecer estrategias orientadas hacia la acción para que los padres puedan ayudar a sus hijos cuando muestren señales de estrés emocionales y de conducta. La serie incluye los siguientes temas:

- **[Video 1: Entendiendo el estrés](#)** – Muchos padres se preguntan “¿Por qué mi hijo está tan estresado?” El estrés domina nuestra mundo y sociedad y los adultos y niños están estresados a niveles más intensos que jamás antes visto. La consejera de la escuela secundaria Evergreen, Dr. Kaley Mitchell ayuda a los padres a que entiendan la historia, biología y experiencia que conduce a sentir estrés.
- **[Video 2: La estrategia de la acción opuesta](#)** – En este video aprenderá sobre la estrategia de la “acción opuesta” para ayudarle a su puberto y adolescente a que respondan contra el estrés. La acción opuesta es hacer lo contrario de su urgencia cuando su urgencia no ayuda o no es sana. Es una destreza que puede ayudar a los niños y itambién a los adultos! para que respondan contra el estrés de una manera más sana y efectiva.
- **[Video 3: La estrategia del agua fría](#)** – ¿Está mostrando su hijo altas señales de ansiedad o emociones intensas? ¡La estrategia del agua fría puede ayudar! Esta estrategia es el acto de usar agua fría en la cara o en el cuerpo para bajar la ansiedad de inmediato. Aprenda más en este video informativo.
- **[Video 4: ¿Qué hacemos si necesitamos ayuda?](#)** – Si los mecanismos para sobrellevar las situaciones no están funcionando, aprenda cuando debe buscar ayuda inmediata para su hijo. También entérese sobre los recursos escolares, locales y nacionales de apoyo como la consejería de salud mental, líneas de crisis y más.

Todas las ligas de estos videos pueden ser encontradas en [www.everettsd.org/ParentUniversity](http://www.everettsd.org/ParentUniversity).

## Encuesta anual escolar de calidad escolar (School Stakeholder Annual Survey)

Para dar guía al proceso de mejora continua de las escuelas pública de Everett, las escuelas cada año hacen una encuesta a sus estudiantes, familias y personal para entender las fortalezas y retos específicos que afecta la calidad escolar. La encuesta anual de calidad escolar es solamente una de muchas piezas de los datos que analizan los líderes escolares y el personal docente. Además de los datos de la encuesta se evalúan el aprovechamiento estudiantil, la asistencia, disciplina y datos del programa para crear El Plan de Metas de Mejora Escolar.

Ya debió haber recibido [una liga](#) a finales de abril para esta encuesta familiar que es anónima y de opción múltiple. Le pedimos que por favor la llene y la envíe antes del **21 de mayo**. Si tiene más de un estudiante en las Escuelas Públicas de Everett, por favor llene una encuesta por cada escuela diferente a la que sus hijos asistan para que se puedan beneficiar de su retroalimentación.

Apreciamos de verdad su tiempo y participación. Su retroalimentación es muy importante para nosotros para poder establecer y evaluar las metas de mejora escolar.

## Manual de Derechos y Responsabilidades del Estudiante 2021-2022

A partir del siguiente año escolar, el distrito ya no hará una versión impresa del manual anual de derechos y responsabilidades del estudiante. Los padres y alumnos podrán acceder al manual en el sitio web del distrito en [www.everettsd.org](http://www.everettsd.org) bajo "Students" y luego bajo "Student Handbook" o en el escritorio (desktop) de la computadora que se le proporcionó al estudiante. Los padres/tutores confirmarán de "recibido" el manual y llenarán la información de FERPA requerida siguiendo el proceso de actualización de información del estudiante anual en línea del distrito. Se proporcionará a las familias más información e instrucciones para llenar las actualizaciones anuales del estudiante y acceder al manual antes de iniciar el próximo año escolar.
