

Dear Families,

You received an email from Everett Public Schools regarding the "Student Learning Structures" for the rest of the year. There was a lot of information in this letter! Among other things, the letter included sample schedules for Elementary, Middle and High School Students. The Elementary schedule referred to the daily "Learning Zone" for students as a general period of time (two and a half hours) in each K-5 student's day. While the schedule for the "Learning Zone" is 9:00-11:30, it is recommended that second graders only work for about 60 minutes during that block of time. At Garfield we wanted to clarify what this student "Learning Zone" might look like for students. For one hour per day, students should be actively engaged in learning activities. This should include weekly zoom lessons (twice per week), daily Google Classroom assignments, and independent reading. In addition to the 60 minute learning zone, 20 minutes of iReady is expected per day (10 minutes reading and 10 minutes math).

This sample schedule follows the framework of the District's schedule and is meant to support families. The timeframes listed below are a guideline. Please allow your student to complete the required assignments during a time that works best for them and your family.

Please let us know if we have any further questions.

Ms. Kindelberger and Ms. Randall
