Our Playground

Map Key

Make a Playground Map

Our school is getting a new playground! Make a map of the playground to help the builders put everything in the correct spots. Use this checklist to make sure your map has everything it needs:

The playground has two trees for shade.

A set of swings is east of the slide.

Monkey bars are north of the swings.

The playground has a picnic table south of the play equipment.

Your map has a key.

Your map has a scale.

Your map has a compass rose.
