

**DOT AND IMAGE TALKS**

# Dot and Image Talk Directions

This is a quiet, thinking activity to start. Then we will share and discuss how many we saw and how we saw it.

You will see an image for a few seconds. I want to know:

- How many do you see?
- How do you see them? (If you have time, think about a different way to see the image.)
- I will know you are ready because you will have your thumb up and hold it in close to your chest.

You will get a chance to see the image again to verify and/or revise your thinking.

# Samples of Dots and Images that can be used...

- Feel free to use, add to, etc.

$$3 + 2 + 3$$

$$4 + 4$$

$$1 + 6 + 1$$

$$1 + 3 + 3 + 1$$

$$1 + 3 + 1 + 3$$

$$5 + 3$$

$$4 + 1 + 3$$

$$4 + 2 + 2$$
