| Mr. Aitken - Archeology 2 |       |         |

What can archeological finds in the Pacific Northwest tell us about the earliest people to live in this area?

Read about 4 archeological discoveries in the Pacific Northwest. For each, write the year the objects were discovered, how old the objects are, a description of the object, and what that tells us about early humans in the Pacific Northwest.

| Paisley Caves      |            |             |  |
|--------------------|------------|-------------|--|
| Year<br>Discovered | How<br>Old | Description | What does this tell us about early humans? |
