

Name \_\_\_\_\_ Period \_\_\_\_\_

### **Contract for Safety in the Classroom**

1. Listen carefully to your teacher's instructions.
2. Use only those materials or chemicals needed in the investigation.
3. Know the location of emergency equipment such as a fire extinguisher, and eye wash station.
4. Tie back or remove dangling items, such as jewelry, sleeves, bags and long hair.
5. Let your teacher know if you have any medical conditions that may affect your ability to perform the lab such as an allergy or injury.
6. Don't eat, drink, or chew gum in the classroom.
7. Wear safety goggles for any investigation that uses chemicals or flames
8. Read all labels on chemical bottles before using.
9. Keep all containers closed when chemicals are not being used.
10. Do not touch, taste, or smell any chemical.
11. Only mix chemicals as directed.
12. Don't engage in horseplay in the lab area.
13. Report any accidents to your teacher immediately
14. Dispose of all materials as instructed by your teacher.
15. Clean up your work area, wash out trays, and replace bottle caps securely.
16. Return all equipment to its proper place.
17. Wash your hands if the experiment involved chemicals

**I understand that failure to comply with these safety rules may result in losing the privilege of participating in lab activities and be assigned book work instead.**
