Other Rights and Responsibilities

Students who are granted a parking permit have the right to park in their assigned space during school hours. They are responsible for obeying all posted signs and traffic rules. Students also have the responsibility to make sure their permit is hung on their rear-view mirror so that it is clearly visible from outside their car. Students may park only in their assigned space and must park within the white lines of their space.

Violations

Students that fails to display a proper permit that is visible from the outside, or parks outside the white lines of their assigned space, or parks in a space other than their assigned space will be ticketed. This includes all reserved spaces, all designated staff and visitor spaces, and all spaces associated with Heatherwood Middle School. Students must not share permits (although we encourage carpooling with a student who has a parking pass). Students with multiple parking violations will be denied the right to purchase a parking pass for one year. ***We will begin enforcing the parking policy on September 27th.***

Space Occupied by Another Car

If another car is parked in your space, you should park near the Heatherwood tennis courts in the spaces numbered between 700 and 722. Write down your license plate number and the space number and report this to the security office. This will prevent you from getting a ticket. We will ticket the car parked in your space.
