Please try to complete these core activities by 4/3/2020

WEEKLY CLASS CHALLENGE: Adding Decimals unit, LEVEL UP

Look for the assignment on Khan Academy - *I have assigned the unit 1 and 2 quiz and the Unit quiz.* Let's try a mastery challenge as a class! Log in and work on the you can practice first or go straight to the quizzes I have assigned, If over half of the class meets the challenge, then I will post a funny video of myself.

2. Greg Tang math puzzle Tangy Tuesday Week 1 Pack 1

watch tutorial on how to solve the different kinds of puzzles DIGICROSS, SNAKE, NUMTANGA, KAKOOMA, EQUATO, then dive in a try a few (answer keys are provided for when you need them)

- (2 levels to choose from, D and E)
- **Tutorials** link below for how to solve the puzzles (hint if you can't see anything scroll up and click on the puzzle type you want more information about)

<https://grextangmath.com/tutorials#slideShowIframe>

Puzzles links you have 2 levels to choose from, have fun and let me know what you try!

- Level 1D <https://grextangmath.com/puzzlepack/download2019/01tt14.pdf>
- Level 2 E <https://grextangmath.com/puzzlepack/download2019/01tt15.pdf>

Answer key links:

- Level 1D <https://grextangmath.com/puzzlepack/download2019/01tt14a.pdf>
- Level 2E <https://grextangmath.com/puzzlepack/download2019/01tt15a.pdf>

3. Activity: Trial mix and munch (needs food ingredients) (Skill: Measurement/fractions)

Link: <http://s7657.pcdn.co/wp-content/PDFs/TrailMixMunch.pdf>

materials needed: ★ 5 -6 ingredients, e.g. Cheerios, sunflower seeds, pretzel sticks, raisins, semisweet chips, mini marshmallows.
