

Protrait Days are HERE!

Here are the instructions:

Selfie Portraits Steps

1. Using your Chrome or Safari browser, navigate to this link on your mobile device or tablet (do not use your Chromebook to take your Selfie Portrait) - <https://high5.id/p/cpgdm>
2. Enter your Student or Staff I.D. number
3. Follow the step by step screens to take a good picture.
 - Here are some guidelines you can use to keep everyone's portraits somewhat consistent. These same image examples are displayed to the user as they go through the Selfie Portraits process online or on their mobile device.
 - The process is best if someone takes a picture of you.
 - Front facing or standing pose only - sit straight up
 - Stand in front of a blank, one-color wall
 - Make sure the photo is from the chest up, no hands visible in the picture
 - No deliberate, crazy facial expressions
 - Regular clothes - no costumes
 - No writing on shirt
 - No off-the-shoulder, spaghetti strap, tank, tube, low-cut, one-strap, halter or see-through tops
 - No hats, visors, caps or head coverings of any kind
4. Use the on-screen guides to fit your head into the screen space.
5. Take your picture. Retake if needed until you get the image you want.
6. Enter your email (cell phone optional) for messaging. An email must be entered to receive the message.
 - You will not get a message when your photo is received. But be assured once you submit the image will be captured.
7. Accept permission to submit the image.
8. Close your browser and you're done.
