To be eligible to enroll in a second summer school online class, you must earn a passing grade in the first class prior to Friday, July 19th. This allows time to complete the second course before the end of the summer semester on August 9th.

Tuition for the second course is due at the time you enroll in the second class. The fee for a second class will be the same rate paid for the first class during initial enrollment.

Student Responsibilities and Rights Handbook

All Everett Public Schools rules are in effect during the summer program. The Student Responsibilities and Rights Handbook can be viewed on the website at www.everettsd.org.

Attendance

Attendance is necessary for learning the content to ensure completion of course requirements. Credit Recovery during the summer is an opportunity for your student to receive additional help in mastering course content. Failure to attend class at Cascade HS could negatively affect your student's success.

Please Note:

Credit Recovery classes are designed to provide the student with an opportunity to learn content not picked up during the regular school year. Once the student has completed the required course work and demonstrated proficiency in the subject they will be granted a passing grade. If this occurs before the end of the schedule summer school session, they will **no longer** be required to attend class at Cascade High School. Parents/Guardians will be notified by email of their students' successful completion of registered courses. Please contact the summer school office at 425-385-5170 if you have questions.
