

# Building a Bridge to a Successful Resolution of a Conflict

I want...

I feel...

The reason  
is...

My understanding  
of you is...

Maybe we  
should try...

Let's choose  
and shake!

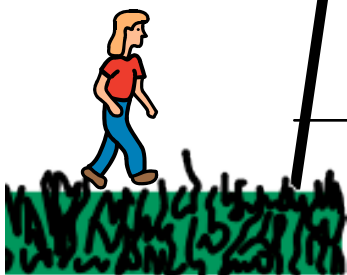

Maybe we should  
try...

My understanding  
of you is...

The reason is...

I feel...

I want...

Remember  that each time you  
find yourself in a  
conflict situation you  
have a chance to  
build your own  
resolution bridge!
