

# All About 5th Grade

## You can look forward to:

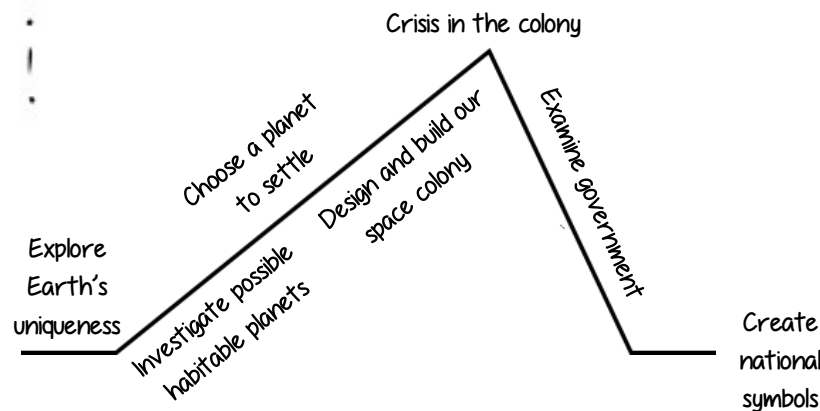

- Studying Earth's Systems, the planets of our solar system, and force & motion.
- Reading a variety of genres, series, and authors.
- Exploring colonization, revolutionary thinking, and the founding documents of our country.
- Using math to solve complex, real-world problems.
- Creating a safe and kind classroom community.
- Focusing on the inquiry and design process.
- Being the role models for the school.

## What to Know about Mrs. Storms

- I married my wonderful husband Drew in May of 2007.
- My oldest son, Jaxon (Jax), is 16 and is an 11th grader at Jackson High School
- My youngest son, Austin (AJ), is 10.5 and is our Super Bowl Hawk Baby since he was born the day the Hawks won the Super Bowl. He is a 5th grader here at Silver Firs.
- I LOVE to read books, drink Starbucks, and spend time with family and friends.
- We have been Seahawks season ticket holders for 19 years. Go Hawks!
- I have attended UW Bothell for my Bachelors, Teacher Certification, and Masters degrees. Go Dawgs!
- This is the start of my 23rd year in education with 16 years of it teaching 5th grade.
- I have taught reading/math intervention, 5/6 Highly Capable, and been an instructional coach of teachers.
