Dear Parents and Guardians:

I first want to thank you with a grateful and full heart for all that you are doing as you collaborate with our staff in order to continue learning during these unique and challenging times. During this time, I acknowledge the stress of many of you working at home and keeping your students on track as they are learning remotely. Balance is a key during this time. Find time to exercise, play games, and enjoy time as a family. I know from many of you that you are doing just that from the emails that I have received during this time.

Our teachers and paraeducators are working diligently as they continue to modify and enhance learning for your children during this time. I am proud of how the staff is stepping up and finding ways to better engage students daily. Many of our teachers are now providing smaller group instruction for new learning and this has been helpful to so many of your children. Thank you for your patience as staff continues to navigate this new way of learning.

The District is working on the process in which students will be able to retrieve their personal items, medications, the return of library books and Chromebooks and this information will be forthcoming. Know that our primary concern is the safety and health of our students and families. Look for further information in the near future.

For fifth grade parents, I would like for you to know that the teachers, administration and our PTA are working collaboratively with the District to provide a celebration as the fifth graders transition to middle school. More information will be coming directly to the fifth grade parents as we move forward.

Kindergarten registration is continuing online. Please visit the Everett Public School Website under the Parent tab.

Again, I want you to know that we are here to support you and your children during this closure. If you are in need of anything, please reach out to your child’s teacher, Mr. Parker or myself.

Wishing you all my best,

Bruce Rhodes, Principal
School closure resources

Watch for all Coronavirus updates at www.everettsd.org/COVID-19.

3-D printers loaned to help support local health care systems

Everett Public Schools is grateful to be able to loan ten 3-D printers, through an agreement with Ignition Partners, to support manufacturing N95 masks, visors and other critical medical and safety equipment for our local health care systems. Click for full article.

Frequently Asked Questions

Did you know we have an FAQ page on our district website? We actively add content as we develop answers that apply to our students, staff and community. If you do not see your question answered, there is also an 'Ask a Question' form where you may submit your question. Hoping this is a helpful resource for all!
Emergency meal schedule update

Due to physical distancing standards, and for the safety of our staff, meals will no longer be delivered directly to homes.

How families can help:
• Please take advantage of curbside pickup and stay in your car
• Avoid socializing with other families
• Leave the school property immediately after receiving your meals
• If you do walk-up, stand six feet behind the family in front of you, only stand in line with people you live with
• Pick up your meals at a later time in the meal service
• Pick the meal option for your child
• Follow directions provided by Everett Public Schools staff

Thank you for your understanding as we make these necessary changes to keep everyone safe.

Social & Emotional Health during school closure

The outbreak of coronavirus disease 2019 (COVID-19) may be stressful for people and communities. Fear and anxiety about a disease can be overwhelming and cause strong emotions in adults and children.

Everyone reacts differently to stressful situations. The emotional impact of an emergency on a person can depend on the person’s characteristics and experiences, the social and economic circumstances of the person and their community, and the availability of local resources. People can become more distressed if they see repeated images or hear repeated reports about the outbreak in the media.

Children react, in part, on what they see from the adults around them. When parents and caregivers deal with the COVID-19 calmly and confidently, they can provide the best support for their children. Parents can be more reassuring to others around them, especially children, if they are better prepared.

Please visit the district’s website for links and resources for social & emotional health.

Kindergarten registration

During the current school closure, you can register for kindergarten online. Please visit the registration page on the district’s website. If you have questions, please email the Early Learning Department at EarlyLearning@everettsd.org. Thank you!

Teacher Appreciation Week

Since 1984, National PTA has designated one week in May as a special time to honor the men and women who lend their passion and skills to educating our children. This year, Teacher Appreciation Week is May 4 – 8, 2020.
National School Nurse Day

National School Nurse Day, May 6, 2020, is a time to celebrate the specialty practice of school nursing. In 1972, the National Association of School Nurses (NASN) created National School Nurse Day to recognize school nurses and acknowledge their role in the educational setting. NASN applauds the contributions school nurses make every day to improve the health, safety, and academic success of all students.

The theme this year – School Nurses: Supporting Students in Times of Crisis – reinforces the changing times of 2020. This year, more than ever, all members of our school communities, school nurses included, have been required to take on unprecedented roles and adapt quickly to changes in their jobs. It is reflective of the significant roles school nurses have in the health care of their school communities to help make a healthier place for children and families to learn and grow during this crisis.
