

All About 5th Grade

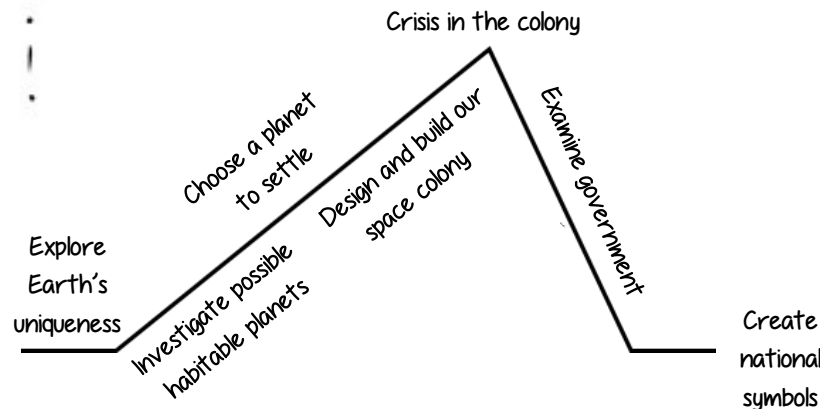

You can look forward to:

- Studying Earth & Space Systems, the planets of our solar system, and water pollution impacts.
- Reading a variety of genres, series, and authors.
- Exploring colonization, revolutionary thinking, and the founding documents of our country.
- Using math to solve complex, real-world problems.
- Creating a safe and kind classroom community.
- Being the role models for the school.
- Going to 5th grade camp in April!

What to Know about Mrs. Storms

- I married my wonderful husband Drew in May of 2007.
- My oldest son, Jaxon (Jax), is 17 and is an 12th grader at Jackson High School. I can't believe he is a senior!
- My youngest son, Austin (AJ), is 11.5 and is our Super Bowl Hawk Baby since he was born the day the Hawks won the Super Bowl. He is a 6th grader at Gateway Middle School.
- I LOVE to read books, drink Starbucks, and spend time with family and friends.
- I LOVE to travel. This summer we went to Hawaii and swam with manta rays at night!
- I have attended UW Bothell for my Bachelors, Teacher Certification, and Masters degrees. Go Dawgs!
- This is the start of my 24th year in education with 17 years of it teaching 5th grade.
- I have taught reading/math intervention, 5/6 Highly Capable, and been an instructional coach of teachers.
